

Managing the environment

```
ls()
save(..., file="whatever.RData")
save(list=ls(), file="whatever.RData")
getwd(), setwd("directory")
save.image()
rm(list=ls())
load("whatever.RData")
load(url("http://path/to/some/file.RData"))
install.packages("packageName")
library(packageName)
search()
?, help("exactFunctionName")
??. help.search("")
library(help="packageName")
```
